

Lynch for bringing this up. I know there may be a flaw or two in this bill but...what he's talking about, but I think it's worthy of looking at. And I would give any time that I have left to Senator Lynch.

SPEAKER WITHEM: Senator Lynch.

SENATOR LYNCH: Mr. Speaker, how much time do I have?

SPEAKER WITHEM: One minute.

SENATOR LYNCH: Well, I've got my light on and I'll come back on my own time. But it does concern me. I'll share one experience with you. Senator Hartnett wouldn't mind if I said this but on a recent trip to an NSSL meeting there was a gold tournament. To be completely frank, we read in the document that it cost 150 bucks to play in this golf tournament. Paul and I knew that 50 bucks is all you could spend on us. It's not hard to stay out of trouble at all, at all. We shouldn't get credit for that. I'm only mentioning that to you now because if it were 25, we would write it out for 125, but that's not the point: The really important problem...

CLERK: 8 ayes, 15 nays to cease debate.

SPEAKER WITHEM: It's apparent to me at this point that this bill will not be...there are still several lights on, the body does not want to call the question, several amendments ahead of us. We're not going to get through the bill. I think maybe the body's time could be spent more productively moving off this bill and onto Final Reading at this point. Mr. Clerk, items for the record.

CLERK: Mr. President, your Committee on Health and Human Services whose Chair is Senator Wesely, LB 1352 is advanced to General File with committee amendments attached. That is signed
